Meany, LBJ Going After Union Vote

By DOUGLAS B. CORNELL
Associated Press Writer
WASHINGTON (AP)—President Johnson and AFL-CIO President George Meany launched today a political road show aimed at lining up the 14 million-member labor organization behind the Democratic ticket.

They were in back-patting rapport on Vietnam and a wide sweep of domestic programs and problems. And they were in total agreement Congress should enact job and housing programs, additional education and health measures and, as Johnson put it, "at the same time protect freedom."

Johnson dismissed the idea that domestic problems can't be tackled while the Vietnam conflict rages. "It's just the same as saying you can take care of one child and you can't take care of the other," he said.

This was in a conversation filmed at the White House Jan. 15, for a premier Saturday in New Orleans and showings from then on at union meetings and regional sessions of labor's Committee on Political Education.

Veteran political rail birds could recall no parallel to the movie. In it, Johnson and Meany spent considerable time on mutual compliments without ever questioning that the President is going to run for another term and that Meany is going all the way with LBJ on both foreign and domestic policy.

In a bit of political whip cracking at the end, Meany said elections are won back home by leaders of the labor movement and they should start now getting registration drives under way and collecting cash for COPE.

The President nodded appreciatively to labor, mothers and teachers for giving a helping hand with "a massive educational measure" supplemented by more than 20 other education bills.

He also thanked the AFL-CIO for helping to pass the medicare and medicare bills.

Johnson had 17 kind words for businessmen. "I am happy to say that the businessmen generally have tried to listen and to be cooperative," the President said.

Meany assured the President that "we are convinced that you are on the right track" in Vietnam.

ministration officials before proposing a 6 per cent surcharge for individuals and 8 per cent for corporations.

The council's report on income also showed Americans saved more after-tax income—7.1 per cent—than at any time since the Korean War and that the federal government did more economic pump-priming during 1967 than in any year since World War II.

Preliminary figures indicate federal spending and receipts based on a national income accounts basis and spread over calendar 1967 instead of a fiscal year ran a deficit of \$12.6 billion, the largest since World War II.

This is the accounting system economists consider the best guide to the impact of federal activity and policy on the economy.

When this type of accounting runs a deficit the government is stimulating the economy. When it runs a surplus federal activity has a depressing effect on the economy.

"The deficit" was the first for a calendar year since 1964 when it ran \$3 billion into the red.

This account started into deficit during the third quarter of 1966 and the deficit ran at an annual rate of \$14.7 billion by the second quarter of last year. It has declined since but only slightly.

Kansas Dies In Ark

HARDY, Ark. (AP)—A two-vehicle accident about two miles south of here on U.S. 62 claimed the life Thursday of Ray Harold Nordeen of Kansas City, Mo.

State Police said Nordeen's vehicle was struck by a tractor-trailer driven by Ronnie B. Sleeth of Springdale. Officers said Nordeen pulled out of a truck stop into the path of Sleeth's vehicle.

Can Wait for General Election

LITTLE ROCK (AP)—Atty. Gen. Joe Purcell said Thursday that candidates for the two Little Rock municipal judgeships do not have to run in the summer primaries, but only in the November general election.

Purcell also said that the ballots should not denote party affiliations for the candidates.

Purcell's opinion went to Pulaski County Judge Arch Campbell who said he did not have any personal interest in the judgeships. Carl Langston, a Little Rock attorney, said that he would ask Gov. Winthrop Rockefeller to include in his call for a special legislative session a bill to cure the purported defect in the present statute.

The Plain Language Interest Bill Has a Chance in the Senate

By EDMOND LEBRETON
Associated Press Writer
WASHINGTON (AP)—The far-reaching House bill to require plain language disclosure of interest and other credit costs stands a good chance of Senate approval without major changes, Senate sympathizers say.

The House passed the legislation 382 to 4 Thursday following much closer votes nailing into it a number of sections that go far beyond the similar bill the Senate approved last year. The differences remain to be worked out in a Senate-House conference.

"We hope we can preserve most of the strengthening amendments in conference," said Sen. William Proxmire, D-Wis. "I am delighted at the House bill."

Proxmire was a principal sponsor of the legislation in the Senate, but found his original version somewhat trimmed there.

As approved by the House, the bill not only applies broadly the principle that finance charges should be stated in terms of annual percentage, but also strictly limits garnishments of wages for debt and adds the force of

or conspiracy. Joining Proxmire in congratulating the principal House sponsor of the legislation, Rep. Leonard R. Sullivan, D-Mo., was former Sen. Paul H. Douglas, D-Ill., who led a six year fight in the Senate for similar legislation.

"God bless you, dear lady, for your work and bravery," Douglas messaged Mrs. Sullivan. "It could not have been done without you."

Proclamation

Every American can take particular pride in the observance of National Children's Dental Health Week this year.

Our newly enacted pilot dental health projects for children will bring dental care to many for whom it has never been available.

At the same time, progress through established program for the prevention of dental disease—such as water fluoridation—continues to be impressive.

The number of Americans drinking fluoridated water has increased by more than 20 million persons in the last five years; today, some 73 million people are protected in this manner. Fluoridation is established as a major health benefit.

This progress and the dental profession's enthusiastic support for the legislation behind it hold out the promise of greater and growing gains ahead.

Legislators to View Med Center Issues

LITTLE ROCK (AP)—Wendell Ross, president of the University of Arkansas Medical Center student body, said Thursday that state legislators would be invited to view the Med Center's problems firsthand next Thursday evening.

Ross said legislators would receive invitations from students in their districts. He said they would be invited to a dinner and a tour of the facilities.

Ross said two of the biggest problems were an inadequate emergency room set-up and too few hospital beds. He said the Medical Center has eight rooms for individual emergency patients, about one-half as many as a medical center of comparable size.

Ross also said the students would be able to observe more diseases if more beds were available.

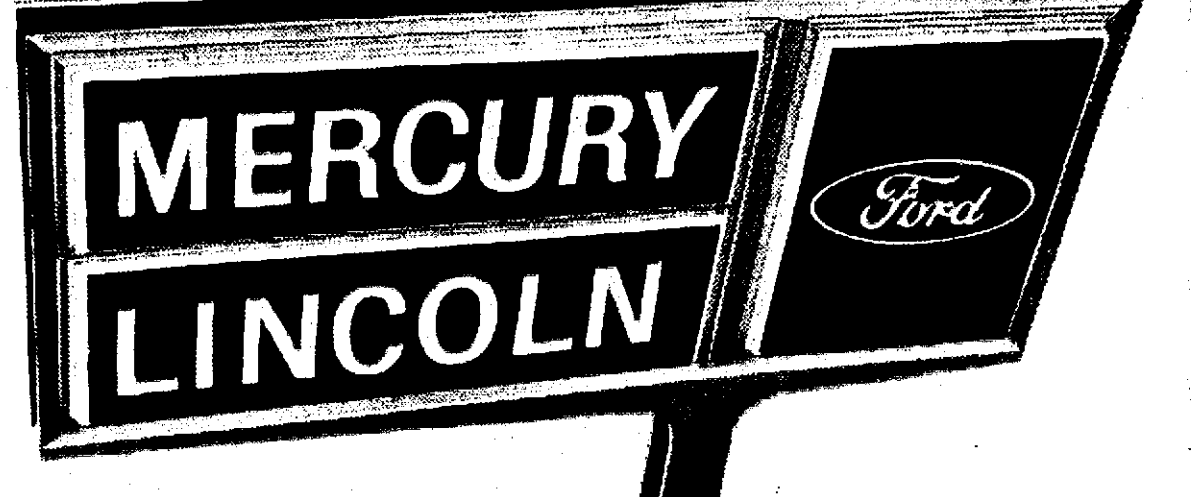

"We're anxious to see patients because 90 per cent of us will be dealing this kind of patient in our practice," Ross said. "Here we have very little experience with the more sophisticated kinds of patients with whom we can communicate on other levels."

GARDENIA CLUB MEETS

Mrs. Bob Turner's home was the scene of the Gardenia Garden Club meeting on February 1, and Mrs. David Waddle was the co-hostess. After the vice-president, Mrs. Lonnie Crow, had called the meeting to order, Mrs. Turner voiced the opening prayer.

"Conservation" was the theme of the meeting, and 17 members answered the roll call by naming a tree or plant on the Conservation List. The club welcomed one new member, Mrs. Tom Watson. Mrs. Crow presented the monthly club feature, "Have You Heard?", and she discussed "Beautifying America."

For the program Mrs. Hillman Koen used the topic, "Conservation in America." It proved to be interesting, and so did the analysis of arrangements with evergreen and berry plants brought by Mrs. E. C. Latham, Mrs. Dale Flowers, Mrs. Frank Ward, and Mrs. Charles Johnson.

Cherry pie, nuts and coffee or cold drinks were served for refreshments.

DUPLICATE BRIDGE CLUB MEETS

Mrs. Paul Lewis entertained the Wednesday Duplicate Bridge Club at the Heritage House on January 31. Two tables of club members enjoyed the pleasant afternoon.

High scorer was Mrs. Thomas Hays, and Mrs. John Hatley tied with Mrs. Lewis for second place. Dessert and coffee were served.

California Students in Nude Meeting

DAVIS, Calif. (AP) — University of California officials say 14 students, male and female, met last week in a nude "sensory awareness" session that lasted several hours.

Their instructor, Asst. Prof. Jerry Friedberg, told officials he was not at the class meeting, held last week at an off-campus home, and learned of it only Monday.

Friedberg, 29, said five of the 14 students undressed, and all sat in a semicircle and held hands.

The administration at UC's Davis campus made it plain today it would seek to disband the experimental course.

Chancellor Emil M. Mrak said he would take no disciplinary action against the students because only five were taking the course for academic credit, and they have since dropped the credits.

Friedberg, who holds a political science doctorate from Harvard, said the students conducted a general discussion on sensory awareness, perception and insight into a person's own needs and needs of others.

The session was likened by Friedberg to avant garde teaching methods in which the students, for example, feel the texture of a table or describe the sensation of peeling an avocado.

Friedberg and Robert Bynum, university public affairs director, said the students apparently did not have sexual relations.

The session was conducted un-

This weekend in Fort Smith the Arkansas Women's Bowling Tournament will conclude. Three teams from Caslte will go February 3 and 4: Prescott Manufacturing Co., Ola Hudson, Jackie Still, Sybil Parsons, Sybil Brown, Arlene Harper; Crescent Drug Store, Jo Cummings, Bobbie Cummings, Mary Beth Jackson, June Goodner, Bobbie Bell; Midwest Dairy, Pauline Porter, Dee Turnage, Verna Ayers, Pat Case, Carolyn Ross.

der the university-approved "Faculty 48" program in which a professor teaches an informal course in a subject he knows but does not teach regularly. Some classes are held off campus, others in university buildings. Because more than 100 students signed up for his "sensory awareness" program, Friedberg split the class up into several smaller study sections and assigned a "student intermediary" to conduct each one. It was one of these sections which held the unorthodox session.

The Davis campus is 70 miles northeast of San Francisco.

"Racketeer"

The term racketeer traces its origin to England in the 17th century, where pickpockets would start a racket or noise on the street in order to attract a crowd of victims.

Arkansas State Board of Health representative held at clinic in the Hope School District Administration building this week and representatives from all districts in Hempstead attended. Compulsory vaccination program now in effect in Arkansas was discussed. Guest speakers were Billy Crouse, State Representative; Allen Lawrence, District Representative for the Board of Health and Dr. Shmunes, U. S. Public Health Service.

Plans were made to hold a red measles vaccination clinic in the near future for children all over the county. The group meets again March 21 to arrange a schedule.

HELEN HELP US!

by Helen Bittel

WANTS CAREER APPROVAL

Dear Helen: When I was a boy I set my sister's hair, and designed her clothes. Later on I set hair for all the females in my family. I did it better than the shops, but while they appreciated the compliments they got, they never told who created their coiffures as they were ashamed of my "unmanly" skill.

My family aimed me at a career in industrial designing. I do quite well, but I don't enjoy it. I know I'm different. I know I'll be alone even when I'm with other people. So why shouldn't I pursue the one kind of work that I know will bring me fulfillment and perhaps great success? I am an artist with hair. I've been taking special training at a wig and beauty salon, unknown to my folks. I'm offered a fabulous job with a chance to make it big, if I catch on with the ladies. I think I will.

There will be screaming and gnashing of teeth when I announce my decision. Maybe a word from you might help matters. Or are you prejudiced too? — THE DIFFERENT ONE

Dear D. O.: I'm only prejudiced against those who recognize skill but crush it because it doesn't conform to their straight little world.

I think you've faced your problem squarely and made the right decision, and if your family temporarily blanks you out, they won't after you've hit it big. Funny how success spells acceptance, no matter what occupation you choose, or how different you are. People are mostly snobs; they only shun the odd ones if they're failures. — H

Dear Helen: A woman I know spends hours primping before she goes to work, but hates housework, cooking or taking care of the children.

She has her mind on a man where she works. When her husband was away, he followed her home in his car and they have also parked at different places and roads.

Her husband is an honest, faithful man and loves his children. Should he be told what is going on? I have plenty of proof. Or should I let her keep on sweet-talking him — when she wants something, that is. Any other time, all she does is find fault. — A GRANDMOTHER

Dear Grandmother: Even if you were absolutely sure and not just the tiniest bit prejudiced, you'd still better let the man open his own eyes. Maybe he'd rather be blind. — H

Dear Helen: I wish you'd print this letter from a Serviceman in Vietnam. He wrote:

"The Christmas card you sent me really conveys the true meaning of Christmas. It offers sincere friendship.

"I spent Christmas in a muddy foxhole in the rain, watching the perimeter for signs of attack, but I didn't mind 'cause I knew that as long as people like me — and there are thousands of us — are willing to spend their holidays like this, others can work and live without fear."

"The next morning I was cold, wet, and tired and a little dejected, I'll admit. But when I got back to my hut, there was a small, gaily-wrapped package on my cot with a card saying it was donated by employees of an airline."

"The gifts weren't solid gold or anything, but they did more to boost my morale than the most expensive gift could have done. It made me feel good to think somebody cared — DON"

Dear Readers: Your letters let Servicemen know you care too. Keep them coming! — H

Apparently Athletic Peace Fails

By TOM SEPPY
Associated Press Sports Writer
WASHINGTON (AP) — A peace between the two battling, major regulatory bodies in amateur athletics has failed to materialize despite a formula devised by a federal sports arbitration board which spent the past 26 months mediating the feud.

Just 5½ hours after the board headed by labor mediator Theodore Kheel made its recommendations public, one of the organizations issued a statement saying it would continue to operate as it had in the past.

The board established in its 29-page report three categories of track meets in this country—with varying sanctions. And it proposed a five-year binding arrangement in an effort to settle the dispute between the Amateur Athletic Union and the National Collegiate Athletic Association.

The NCAA and the AAU have been feuding for the past half century but the battle has become increasingly heated during the past few years. If anything, it has worsened during recent weeks.

The nation's track and field performers, who will carry American prestige into the Olympic Games at Mexico City this fall, are the key issue in the dispute.

Sen. Warren G. Magnuson, D-Wash., chairman of the Senate Commerce Committee, said his panel might have to consider legislation to solve the dispute if all the factions involved did not accept the findings of the arbitration board.

Despite the threat, however, the U.S. Track and Field Federation, an arm of the NCAA, issued a statement Thursday night in which it said it "will continue to meet its members without obtaining AAU sanction."

In its report, the board gave the AAU the sole sanctioning right for all open meets—those involving athletes from other countries and nonstudents.

It gave the USTFF the right to run closed meets, without AAU sanction, as long as they are confined to full-time students.

A third category of meets also was established by the board—open domestic competition. The USTFF could sponsor these meets but would need the sanction of the AAU, which would be automatic if the collegiate federation satisfied all the union's international requirements.

Kheel had said the board would assist during the changeover period in clarifying its ruling but "we are not about to renegotiate this decision."

The Rev. Wilfred Crowley, USTFF president, said he is elated that the board unanimously recognized the need for a single purpose track and field organization but "it is regrettable that the board and the Senate Commerce Committee have failed to pursue what is obviously the only solution to the problem."

The board conceded the ideal situation would be for a single organization to govern the sport, but added it has no hope of this.

Walter Byers, NCAA executive director, said: "After listening to all of the organizations that make up the USTFF, I am convinced that the federation will not accept any decision which restricts the rights of the track and field organizations to conduct bona fide track meets for their own members."

David Matlin, AAU president, said he would not comment until he had read the entire decision. However, Col. Donald Hull, executive director of the AAU, said: "The point that we have been trying to make is that open meets have to be sanctioned by the AAU. The board says that. That's what we've been fighting for."

High Flying Cardinals Here Tonight

By RALPH ROUNTON
Star Sports Writer
If last week was a crucial week of basketball for the Hope Bobcats, then this weekend's set will out-do that.

The Fairview Cardinals come high-flying into Jones Field House tonight with revenge on their minds, and they could be hard to stop. No doubt Redbird Coach Pat Foster has been drumming into his player's minds what happened last year at Hope.

In that cliff-hanger, the Bobcats missed a chance to win in the last seconds on a questionable call that went against Hope. Therefore the squads lined up for overtime all squared away at 46-41.

Both teams went scoreless during the first three minute period, but the Bobcats took command in the second sudden-death segment and jumped ahead 51-46. With a little over a minute left in the overtime, things looked bright, but that turned out to be barely enough, as Hope slipped through with another of their fabled home game overtime wins 51-50.

This year, however, the Cardinals have the upper hand, paced almost entirely by sophomores and juniors. Fairview's best athlete is probably Dicky Bush, a 6-2 junior who is in the top three scorers in 4-A-A. The squad's only senior starter will be 5-11 Richard Sanders, more of a playmaker who carries less of the scoring load.

To strengthen up the rebounding, sophomore Jimmy Harris emerges, a fine football player who also showed his worth on Fairview Junior High's state Class AA champions last year. And when Harris is out, another soph named Mike Green can fill most of the responsibilities.

Actually, the Cards depend much on the scoring of Bush, and Hope's biggest test will be to see how successfully Fairview and Dicky Bush can be stopped. Of course, the only way for the Bobcats to win will be to score points, but if the Cats' rejuvenated attack can come through, we may have something going for us. Then Hope will have to prove themselves over again in a must game on the road with the Malvern Leopards on Saturday night.

In the first game on both evenings the Bobkittens face rough opponents, but the locals most likely will have a solid chance to beat Malvern, and the home advantage will help against Fairview.

For the Bobkittens, still looking for their first conference win, it is a season of experimentation with little experience, but the benefits will be reaped a year from now, with a very strong crop of 8th graders coming up.
The games with Fairview start tonight at 6:30 p.m. at Jones Field House, and KXAR will broadcast the games live. Action at Malvern tomorrow evening also begins at 6:30 p.m.

Was Battle Between Last Place Teams

By THE ASSOCIATED PRESS
The game meant about as little as one could, but Kentucky and Houston acted as if it were for a championship.
Houston, in last place in the American Basketball Association's Western Division, beat Kentucky, similarly situated in the Eastern Division, 109-107 Thursday night. And the Mavericks had to fight to the bitter end.

The Colonels outscored them 31-19 in the last period—and 59-43 in the final period—only to bow by the two-point margin.
In other games, Minnesota beat Dallas 116-99 and Oakland downed New Orleans 131-124.

Lombardi Bows Out as Coach

By KEN HARTNETT
Associated Press Sports Writer
GREEN BAY, Wis. (AP) — Vince Lombardi, the Brooklyn-born miracle man who built football's mightiest dynasty in this small city on Green Bay, has retired to the executive suite after nine smash seasons as Packer head coach.

From now on, Lombardi, 54, will be only the general manager of the team he coached to five National Football League titles in those years. The new head coach will be Phil Bengtson, 56, the designer of the Packers' stifling defenses.

It was the first time Lombardi, absolute ruler of Green Bay football as coach and general manager, ever delegated a major share of his authority.
Bengtson was sure Lombardi would not interfere with the running of the team.

"Our relationship has been very close and there's been a very real understanding between us as long as we've been together," Bengtson said.

"I realize I will be succeeding a remarkable man as coach of a team with a record probably unequalled in the history of football," Bengtson said. "I hope we will be able to continue the winning tradition of the Packers."

The onetime Minnesota star, who admitted having turned down previous head coaching offers, spoke immediately after Lombardi told Packer directors and newsmen of his decision Thursday night.

He had made up his mind, Lombardi said, "only after a great deal of thought and study."

"Because of the nature and growth of the business and the corporate structure of the Packers, I believe it is impractical for me to try to do both jobs. I feel I must relinquish one of them," he said.

Lombardi's emotion showed only momentarily during his three-minute talk. When it was over, tears were noticeable in his eyes.

The indomitable Lombardi, the only man ever to coach a team to three straight titles since the NFL adopted the playoff system in 1933, said he was flattered by the number of people who attended his news conference and dinner. "This started out as a routine press release, believe me," he said to the gathering of more than 100 persons.

Lombardi, who too over a team that had won only one game in 1958 and turned it into a contender almost overnight and a champion within three years, leaves after nine straight winning seasons.

His Packer teams won 89 regular season games, lost only 29 and tied four. The Packers captured six Western Conference titles as well as five league titles and for the past two seasons have won world titles by beating the American Football League champions in the Super Bowl.

Bengtson, believed close to Lombardi in football outlook, said he planned no major departures from traditional Packer patterns.

Packer players don't expect any changes either. Bengtson indicated he would, at least for the time being, continue to run the defense. For the past nine seasons he has called all the Packer defensive signals.

Chicago 112-103, San Francisco beat San Diego 128-114 and St. Louis edged Seattle 113-110.

Wilbert Frazier led the scoring for Houston, 16½ games out of first place, with 30 points. Darrel Carrier paced Kentucky, 15½ games out, with 26 points.
Minnesota moved to within a half-game of idle Pittsburgh in the Eastern Division with its victory. Sam Smith led the way for the Muskies with 29 points, 14 in the second quarter. Cincy Powell led the Chaparrals with 18.

SOLUNAR TABLES

By RICHARD ALDEN KNIGHT

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major Periods are shown in boldface type. These begin at the times shown and last for an hour and a half or two hours thereafter. The Minor Periods, shown in regular type, are of somewhat shorter duration.

Use Central Standard Time.

Lovell Challenges Argentine Fighter

By THE ASSOCIATED PRESS
BUENOS AIRES (AP) — Alberto Lovell has officially challenged Oscar "Ringo" Bonavena for the Argentine heavyweight boxing crown.

Bonavena's scheduled March 6 bout with Peruvian Roberto Avila was canceled Thursday. The Argentine champion was beaten by Jimmy Ellis of Louisville, Ky., last Dec. 2 in the semifinals of the World Boxing Association heavyweight title tournament.

Hayes Leads Houston to Victory

By MIKE RECHT
Associated Press Sports Writer
NEW YORK (AP) — Houston's Elvin Hayes was not satisfied with his performance in New York's Madison Square Garden, but neither was opposing Marshall, so the Big E must have done something right.

Whatever he did, it got him 39 points and 19 rebounds, enough to run the top-ranked Cougars past the Thundering Herd 102-93 Thursday night for their 20th college basketball victory without a loss.

Houston, although in command from the early moments, never could shake hustling Marshall, but still had an easier time than third-ranked North Carolina, which came from behind twice in the last half to beat visiting Florida State 86-80.

The only other ranking team in action, Duke, No. 9, also had its hands full before Subduing Virginia 90-78 in Charlottesville.

Hayes, a 6-foot-8, 235-pound All-American, connected on 16 of 29 shots from the field, but most of them were short jumpers or rebounds as he seldom moved outcourt against the smaller Thundering Herd.

"I was looking forward to playing in the Garden," he said. "I had 22 points here two years ago, but I didn't think I had a good night."

"I think I played well tonight, but I could have played better. I don't think we were as up to night as we were for UCLA. How could we be?"

Controlling the backboards and with Hayes hitting 17 points, the Cougars turned a 12-10 deficit into a 48-39 halftime lead that later grew to 65-49. But the couldn't break it open and Marshall pulled within 85-81 before Hayes' four points paced an eight-point surge and then he scored Houston's last seven points.

The game was the opener of a doubleheader in which Army trounced New York U. 75-51 in the nightcap for its eighth straight victory and a 14-3 record.

North Carolina, winning for the 13th time in 14 starts, led 46-40 at the half, but had to make up 63-61 and 76-75 deficits. Four consecutive points gave the Tar Heels a 79-76 lead they never gave up.

Larry Miller had 24 points for North Carolina.

Duke, upset Tuesday night by South Carolina, had trouble again as Virginia held a 72-70 edge before Mike Lewis hit a basket and Steve Vandenberg dropped four straight free throws. Then with the score 80-78, Duke scored the last 10 points of the game.

Lewis finished with 26 points. Tulsa pulled away from a North Texas State press in the second half for a 70-57 victory in Denton, Tex. Rob Washington had 23 points for Tulsa.

Don May notched 31 points to lead Dayton to a 98-80 rout over visiting Miami of Florida.

Oklahoma City, playing at home and led by Ardel England's 30 points, pulled away early to a 127-99 cruise over Wisconsin.

New Mexico State blew a 19-point lead at home and had to break a 78-all tie for a 95-87 victory over Hardin-Simmons. It was the Aggies' 17th triumph in 19 games.

In road victories, Brigham Young outscored Utah State 118-103 and Washington crushed Montana State 98-74.

Georgia Tech defeated Clemson 99-64, Alabama bombed Stanford 86-65, Nebraska stopped Colorado 87-73 and Portland upset Oregon State 67-61 in

Santa Anita May Reopen Saturday

ARCADIA, Calif. (AP) — Santa Anita race track was silent today, but orders of a federal judge indicate the \$100,000 Charles H. Strub Stakes—Featuring Horse-of-the-Year Damascus—will be run Saturday.

Officials of the Los Angeles Turf Club, operators of the track, obtained a temporary restraining order Thursday preventing joint action of horsemen in halting operation of the track before Feb. 13.

The action by Judge Charles H. Carr was in response to a voice vote of horsemen Wednesday night to boycott the track. No entries were received for today's card and the track was silent.

Despite Carr's order, the Horsemen's Benevolent and Protective Association indicated late Thursday that it might counter sue for "conspiring with other California tracks to hold down purses to horsemen by means of the Federation of California Racing Associations."

The dispute began last Jan. 15 when contract negotiations over the size of purses broke down between Santa Anita officials and the HBPA.

Australian Leads Bob Hope Meet

By BOB MYERS
Associated Press Sports Writer
PALM SPRINGS, Calif. (AP) — Golfer Billy Casper examined the scoreboard at the Bob Hope Desert Golf Classic and observed: "You'd have to think the green and the black scores are in good condition."

To explain this mystifying remark, it must be explained that in what has been called a computer's dream tournament, there are four courses in play, and, to distinguish them on the scoreboard, each course has its own color.

Green is the color for La Quinta and black is El Dorado, which are considered the two toughest to play. Indian Wells is red and Bermuda Dunes is blue for the two less difficult layouts.

Among the better players who have now played the green and the black are Arnold Palmer, Gay Brewer and Casper himself, as well as Bruce Devlin.

Indian Wells awaits them in today's third round, then Bermuda Dunes Saturday and again for the final of the five rounds Sunday.

Devlin, the 30-year-old Australian, and Kermit Zarley, 26, of Seattle, led the charge into today's round. Devlin shot a five-under par 67 and Zarley a 68 to tie at 138 after 36 holes.

Zarley has yet to play La Quinta and El Dorado.

Brewer, with a 69, was in at 141, three shots off the pace, and Palmer, with a 70, and Casper, 72, were in the 142 ranks.

"I expect my game will fell over the weekend. After all," said Casper, "we're not too far away."

The first-round leaders, Bob Rosburg and Bill Collins with the rough courses yet to be played, drifted back. Rosburg's 74 gave him 141, and Collins' 75 left him at 142.

A hole-in-one on the 16th green at El Dorado by John Schlee of Dallas highlighted the second-round action. His four-iron shot went 194 yards and plunked right into the cup. Schlee needed all the help he could get as he finished with a 71 for a 142 total.

All Volunteered in 1898, They Don't Like Attitude Today

By STAN PENJAMIN
Associated Press Writer
WASHINGTON (AP) — They were all volunteers in their war back in 1898 and they don't care to the antics of young men who don't want to serve in today's war in Vietnam.

As James H. McElroy, adjutant general of the United States War Veterans, will tell you, the 9,000 living veterans of the Spanish-American War rank patriotism, Americanism and respect for the flag high among the virtues.

"I'll tell you, we're all behind Gen. Hershey, he's right," McElroy volunteered in a telephone interview, referring to Selective Service Director Lewis B. Hershey, who has suggested speedy induction of youths who violate the law while opposing the draft.

"There'll be a day of reckoning," McElroy continued. "In our day, it was 'My country, right or wrong.' We were all volunteers in the Spanish-American War. Now young fellows are trying to get out of serving their country and are forming belligerent groups."

"We can't pull out of Vietnam," he said. "And I'm talking for the whole damn organization when I say that. We fought that out at our last convention."

McElroy, 86, heads an organization whose members are, on the average, slightly older than he is.

The average would be a little higher, he explained, except some members were only 14 when they entered the Navy as apprentices in 1898, and they're only 83 now.

As might be expected, their main concerns now revolve around pensions and medical benefits for themselves and the widows of their departed comrades.

A pension bill Congress passed last year was a great victory, McElroy said, and the battle for it took far longer than the Spanish-American War.

The war lasted only three months. Spain abandoned Cuba and ceded Puerto Rico, Guam and the Philippines to the United States.

Some 458,000 Americans served in the war. Those still living are almost the oldest American veterans, predated only by two veterans of the Indian wars—Frederick Fraake, 98, of Chicago, and Reginald Bradley, 100, of Oakland, Calif.

The last veteran of the Civil War died in 1959.

The Spanish-American brotherhood is in its twilight.

"Its lines are steadily growing thinner, and the tramp of its column is with ever-lessening tread," says an anonymous tribute circulated by the organization.

But thousands of them have lived to see the Cuba whose independence they helped to secure turn against the United States. Do they now regret helping Cuba so long ago?

"No, we're not sorry about it," said McElroy. "We're just kind of proud that we did such a short job of it."

Knicks Win Without the Big Stars

By THE ASSOCIATED PRESS
Cazzie Russell had a night off from his hot shooting and Bill Bradley stayed on the bench most of the time as the New York Knicks' big men took a turn at doing some scoring.

With Walt Bellamy scoring 25 points and Willis Reed scoring 24 and pulling down 21 rebounds, the Knicks beat the Chicago Bulls 112-103 in National Basketball Association action Thursday night.

Russell, a hot shooter of late, scored just five points for the Knicks and Bradley, playing less and less these days, hit on only two free throws as the Knicks led all the way.

In other NBA games, San Francisco beat San Diego 128-114 and St. Louis edged Seattle 113-110.

In the ABA, Houston beat Kentucky 109-107. Minnesota topped Dallas 116-99 and Oakland took New Orleans 131-124.

Bob Boozer topped the Bulls' scorers with 28 points with Flynn Robinson adding 18. The Knicks are now just a half-game out of fourth place in the Eastern Division and one game out of third.

St. Louis got five points in the final 2½ minutes from Paul Silas to beat the SuperSonics for the sixth time this season. Rod Thorn had 32 for Seattle and Lenny Wilkens had 22 for the Hawks.

Rudy LaRusso scored 40 points, his season high, and a San Diego Sports Arena individual record, in triggering San Francisco's victory over the Rockets. Don Kojis was high for San Diego with 28.

President Johnson's estimated budget for fiscal 1969 forecasts an \$8 billion deficit providing Congress enacts his requested 10 per cent surtax. Without the tax, receipts would fall short of the estimated \$178 billion and the deficit would be increased. Actual spending during fiscal 1968 has exceeded the President's January 1967 estimate. The new budget calls for a \$10.4 billion increase over the adjusted 1968 budget, all but \$300 million of it accounted for by increased spending for war or additional outlays required by laws already on the books.

DOCTOR'S MAILBAG

Diseased Heart Valves Replaceable With Plastic

By WAYNE G. BRANDSTADT, M.D.

Q—Can surgery be performed on the valves of the heart or on a hole in the partition between the left and right side of the heart?

A—Yes. Badly diseased heart valves can be replaced with plastic valves and septal defects can be repaired. Both operations depend on the use of the artificial heart-lung machine which keeps the blood circulating while bypassing the heart itself.

Q—Can an artificial pacemaker be implanted in a person who is over 60?

A—Yes, age alone is no barrier to this operation.

Q—I have been having a lot of gas and discomfort. Two electrocardiograms and other tests didn't show anything wrong with my heart. Now my doctor wants me to have a cardiac catheterization. What would you advise?

A—Your doctor's reason for wanting to introduce a catheter into your heart are not apparent from your letter. There are many ways of relieving gas pains without such a drastic procedure. A gastroenterologist should be able to help you.

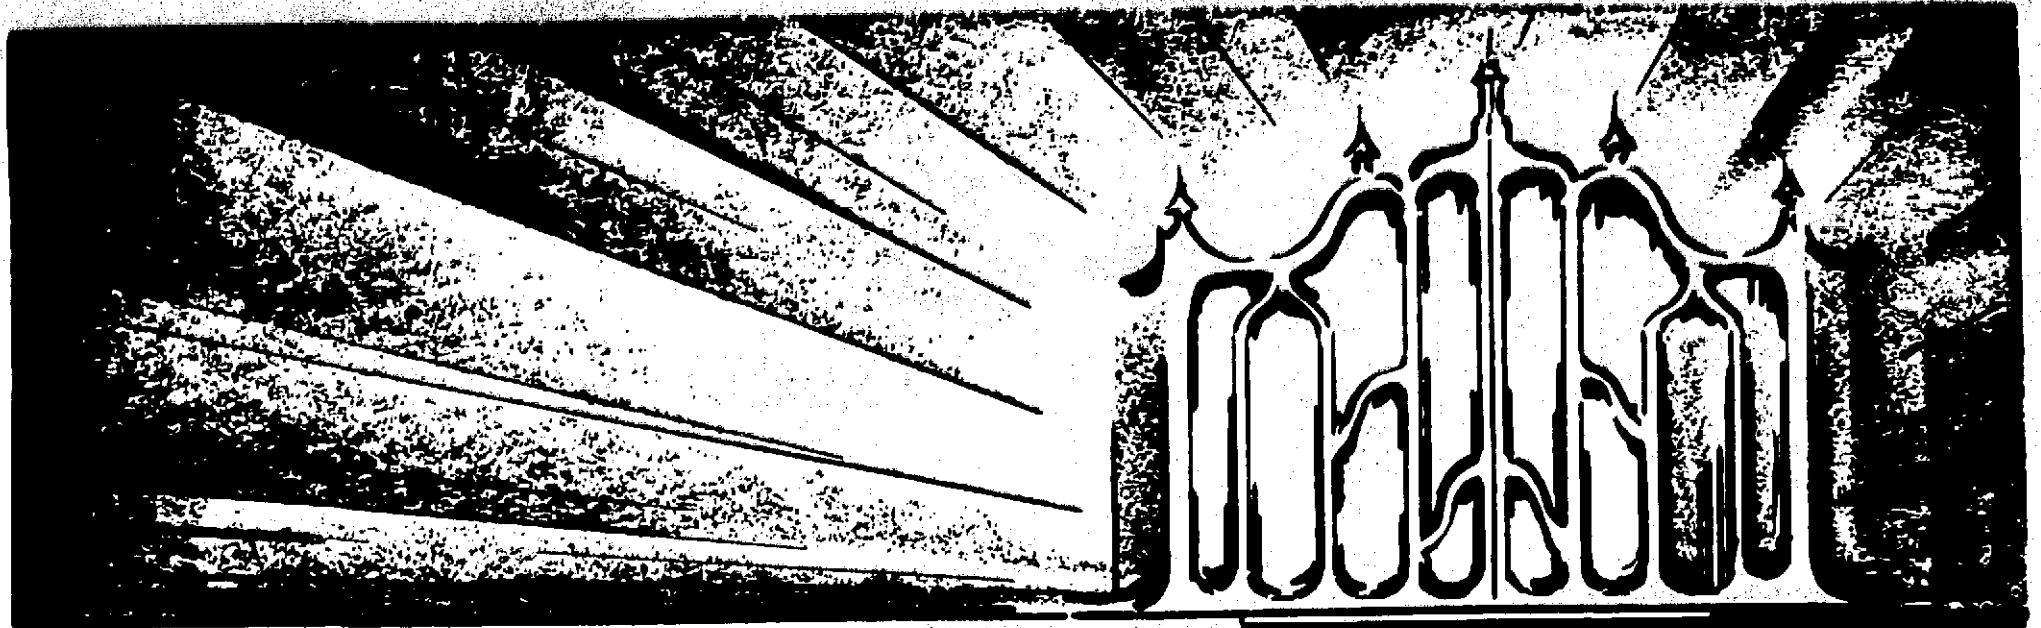

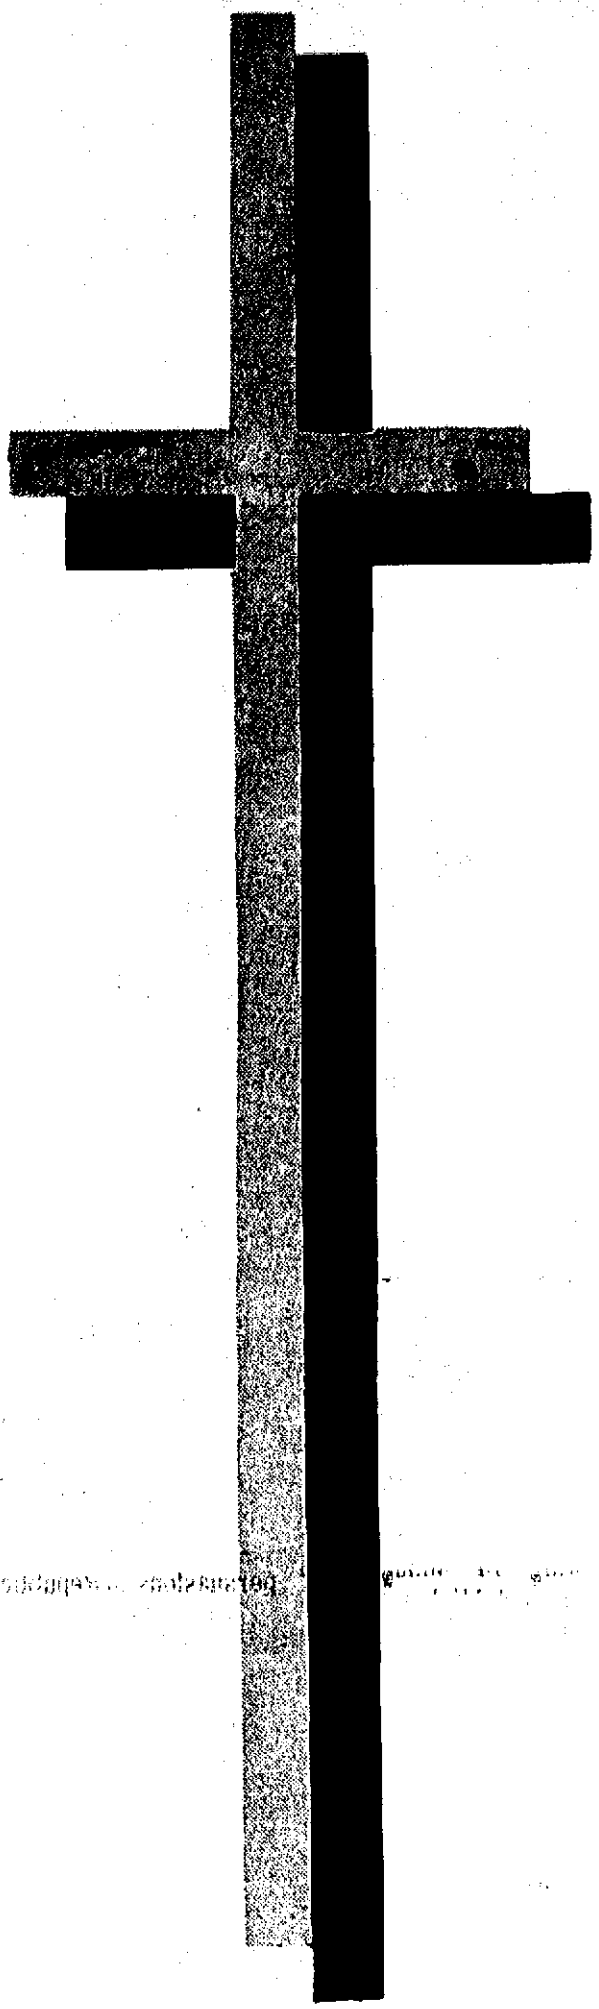

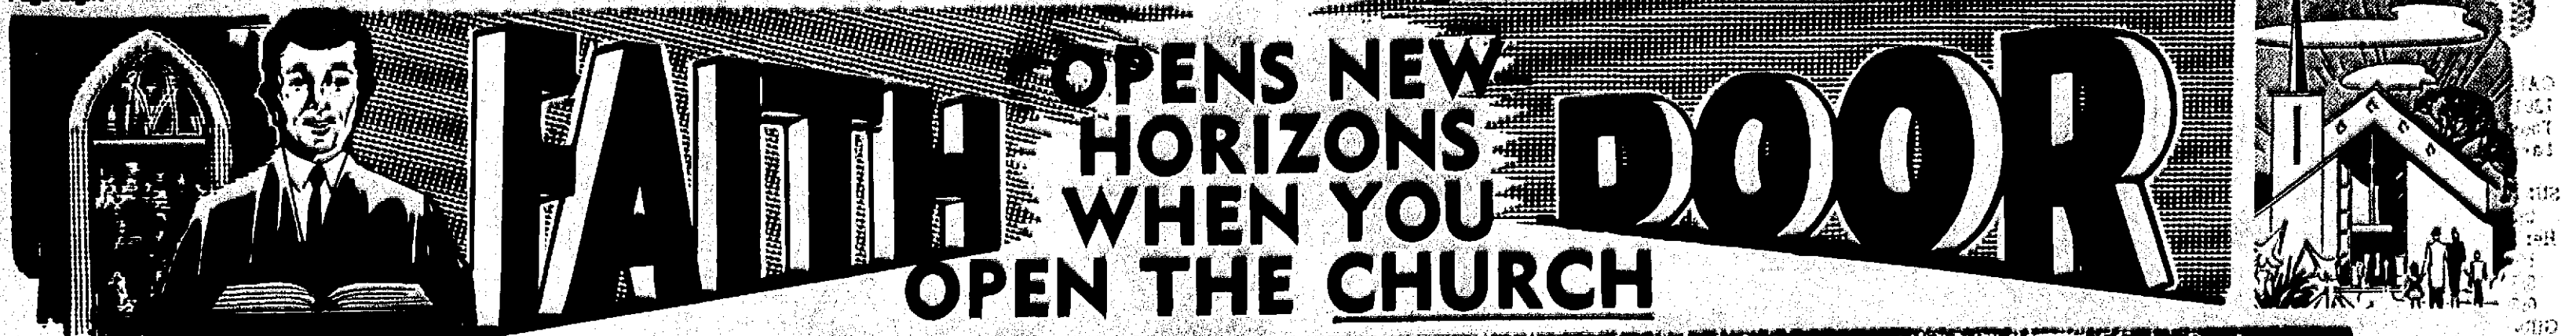

Q—I am a woman, 34, and my resting pulse rate, taken on two occasions, was 112. Other tests indicate that I have a sluggish thyroid, usually associated with a slow pulse. How do you explain this? Is a pulse of 112 dangerous? Should I avoid taking thyroid extract for fear it would further accelerate my heart rate?

A—Although 72 beats per minute has long been considered normal, recent studies in which the pulse has been electronically recorded on persons engaged in their normal activities revealed that pulse rates up to 130 were fully compatible with health. Even a woman with a low output of thyroid secretion can have a pulse rate over 100 when she is mentally absorbed in her task or when she is slightly apprehensive.

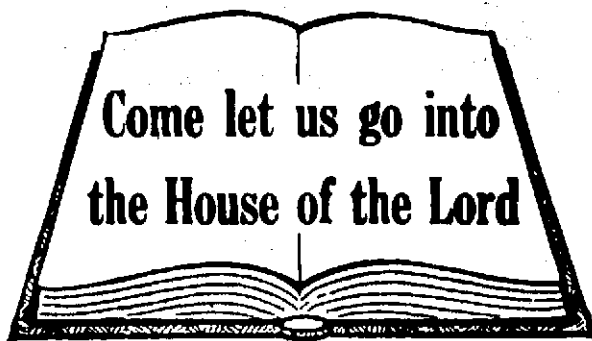

team criticized him for not doubling the diamond slam. (Newspaper Enterprise Assn.)

Q—The bidding has been:

STRAIT is the GATE

"Enter Ye In
at the strait gate . . .
because strait is the
gate . . . which leadeth
unto life, and few there
be that find it." Matt
7:13-14.

Strait means narrow,
compressed, limited. Amer-
icans don't like that. We want
the abundant. We like it high,
wide and handsome. But God
doesn't run the universe just
to suit popular nations. The
Bible warns us that God doesn't
think as we do.

The gate is narrow because
there is only one Cross, only one
Savior. Jesus said, "I am the way
... no one cometh unto the Father
but by me."

The gate is wide because whoso-
ever will may pass through it. God
welcomes one and all, and promised
not to cast out those who come.

Just inside the strait gate stands the
church . . . the fostering mother of all
other channels of human well-being.
Have you entered the "strait gate?" Have
you discovered the church?

THOUGHT FOR THE DAY

Never chase a lie. Let it alone, and it will run itself to death. I can work out a good character

much faster than any one can lie me out of it. — Lyman Beecher said it.

CALENDAR OF EVENTS

Athelstan, who came to the throne in A.D. 925, was the first Anglo-Saxon ruler to call himself "King of all Britain."

NO IMMINENT

from Page One

"main effort" is yet to come. — Military sources at the Pentagon indicated the heat is off, at least for now, on any call-up of Army Reserve or National Guard ground units.

The surprisingly strong Communist attacks in South Vietnam—along with last week's call-up of some 14,000 air re-

servists in response to the Pueblo crisis—had generated Capitol Hill speculation that a major muster of reserve ground forces might be in the works.

Defense officials said last week's call-up was intended to show North Korea the United States is determined to recover the Pueblo and her crew. Any further muster of reservists, they said, is likely to depend on whether the President feels the point should be made more emphatic.

After a Capitol Hill hearing, Secretary of Defense Robert S. McNamara denied reports the United States is reassessing the size of its troop commitment in South Vietnam in view of the Viet Cong attacks and the massing of North Vietnamese regulars in northwestern South Vietnam.

"No, we believe that the American forces there at present are adequate," said McNamara, while awarding a Medal of Honor to a veteran pilot of U.S. air raids on North Vietnam, reiterated his position on bombing of the North.

"Until we have some better sign than these last few days have provided that he will not step up his terrorism and aggression if we halt the bombing," said the President.

"We shall continue to give our men the protection it affords."

Privileged Class
in Government
Marches Onward

Special privilege is a governmental curse as familiar to republics as it is to monarchies and dictatorships.

Our ancestors knew this from experience, therefore went to great lengths to set up in the American Constitution every conceivable curb to protect private citizens against the potential tyranny of their own government.

But Americans of today aren't as smart as their ancestors. By comparison they are as naive as children pretending to be grown-ups. We accept printing-press bills and call them "money."

Our ancestors, figuring a laborer was worthy of his hire, demanded something of value—gold or silver—and got it. We trust government. Our ancestors did not.

History is teaching us an ominous lesson. What we are learning, to our dismay and sorrow, is that Man, with his big mouth, his prejudice, his opinion, his ignorance, and his short memory, has the unhappy capacity of creating tyranny for himself in a land where he was born free.

As free citizens we elect our representative government, then permit the establishment within that government of a privileged class—indulging in luxuries denied the rest of us, and boldly asserting the new philosophy that policy shall be asserted not by the people but by bureaucratic helms long in power.

Privileged class? Well, for example, the government now is proposing to levy a special tax on common people who make a foreign tour. But government people themselves, and even political candidates who only hope to become government people, travel freely about the world not only without paying tax but generally at public expense.

The same governmental tyranny crops up in the exercise of administrative power. With taxes not much below their wartime peak our government thinks it can afford to run both the Vietnam war and a domestic give-away program to purchase continued voting support—when the common-sense citizen supposes it would be wiser to curtail domestic spending until the Vietnam fight ends.

Of arrogance in government there is no end. Not only does government refuse to cut down on its pet domestic programs but it boldly demands an increase in taxes.

So you think you're still a free citizen helping run your country? Are you kidding?

Noncompliance Costing 10 Schools Aid

LITTLE ROCK (AP) — A state Education Department official said today noncompliance with parts of the Civil Rights Act was costing 10 Arkansas school districts \$438,015 in federal funds.

W. H. Moore, associate commissioner for federal programs, said \$422,387 was being lost under Title I of the Elementary and Secondary Education Act. He said the money would aid 2,913 economically and educationally disadvantaged children in the 10 districts.

The other \$15,628 would have gone to supply all 8,055 in the districts with books and materials under Title II.

The districts and the amount of aid they're losing are: Fordyce \$71,838; Bright Star \$9,282; Junction City \$30,361; Hazen \$39,468; Stamps \$87,723; Collins \$11,800; Lawson \$2,653; Elaine \$137,699; Strong \$39,167; and Urbana \$8,024.

No Imminent Callup of Ground Reserve Force Is Foreseen

WASHINGTON (AP) — Military officials say they don't foresee any imminent call-up of ground force reservists as the United States readies today a second bid to recover the USS Pueblo through talks with her North Korean captors.

These were the major developments in the ongoing Asia crisis.

The State Department announced Thursday U.S. willingness to engage in face-to-face talks with North Korea aimed at gaining return of the Pueblo and her 83-man crew.

The action followed a broadcast hint by North Korea that a

settlement might be possible through new talks at Panmunjom, the Korean War truce site.

President Johnson said U.S. bombing of North Vietnam will continue until the enemy gives "some better sign" that a halt would not result in stepped-up terrorism and aggression against South Vietnam.

He spoke as the Communists continued widespread assaults against major South Vietnamese cities and U.S. commander Gen. William C. Westmoreland warned the enemy's

Singer Bing Crosby's Whirlwind Wife Leads Six Different Lives

By HAL BOYLE
NEW YORK (AP) — Kathryn Crosby, a brunette whirlwind, leads six lives.

In addition to being a wife, mother, actress, teacher, and registered nurse, she now has become an author.

It took her two years to write a lively and merry account of her life with her famous singing husband entitled "Bing and Other Things."

"Bing thinks I'm overprogrammed," she confessed frankly. "But I lack his lovely ability to play, to relax, I thrive on activity so much so that I don't really know whether it's a fault or a virtue."

"If I do have a virtue, I suppose it's the desire to follow through, I really like to finish anything I start."

Since her marriage, the former Texas beauty queen has borne three children, appeared in a number of films and plays, and won her cap as a registered nurse. She also has the task of supervising the four Crosby homes, and at one of them in Baja California, she works as a volunteer teacher and dental assistant.

"One night we pulled 49 teeth," she remarked. Behind Kathryn's endless energy,

is the fuel of a deep religious conviction and a desire for social service.

"When I was young my mother once told me, 'Living, Kathy, is giving.' I've never forgotten her remark."

"I feel that what frustrates most people in life is lack of a path to follow. To me having a God to serve is the core of any important path, and there are millions of paths."

Asked how she managed to do so many things, and do them well, she replied:

"Any woman has to admit that she finds more time for things in a busy schedule than in an empty one."

Kathy found her first adventure in authorship hard work but also so zealous she may give it another try.

"Writing can become like candy," she said, smiling. "You know it isn't good for you, but you can't help it. Writing a book, however, has one big advantage. It clarifies your knowledge of yourself. It teaches you to realize what your actual point of view is."

With the enthusiastic approval of her daughter and two sons, and the very acceptance of her goals by Bing, she plans to continue her acting career.

DR. KENNETH MCFARLAND

Dr. Kenneth McFarland, "America's foremost public speaker," addressed the annual Chamber of Commerce banquet last night in the Third District Livestock Coliseum.

"It's an old law of physics and chemistry: the nature of the whole is determined by the nature of its component parts. Now, that's also true of social science, but we don't seem to understand that so well," explained Dr. McFarland as he began to discuss "Selling America to Americans."

This progressive conservative goes on to say that in a community the component parts are individuals. Any citizen or organization that strives to improve the individual is doing the work of the Chamber of Commerce.

Animating statements with strong gestures and examples, Dr. McFarland carried out the theme of his program on conservatism by defining the American System.

"Now when I speak of the American System I always mean two things: I mean the American economic system of free, competitive enterprise and the American political system of individual freedom guaranteed by law. These two things constitute the frame of your picture."

Before introducing the speaker Dr. Lester Stites in his Review of 1967 as Chamber president presented plaques to four retiring directors: E. A. Alderman, Hulan White, E. P. Young Jr., and Harold Hendrix.

He recognized George Frazier for leadership in trying to attract industry and in the procurement of a new building site for Wire Products Company.

Jim Pruden was presented with a plaque for being the leader of the United Fund drive which for the first time reached its goal, even exceeded by ten per cent.

The construction of a new civic center will have top priority among the goals of the Chamber of Commerce for 1968 according to Guy Grigg incoming president.

Mr. Grigg presented Dr. Stites with a plaque for serving as 1967 president of the Chamber of Commerce.

Dr. Lowell Harris, accompanied by Luther Holloman organist, sang "Born Free" and "God Bless America." Dr. Everett

M. Vinson, pastor of the First Methodist Church, gave the invocation.

The 900 Chamber of Commerce members and citizens of Hempstead County time and again responded with applause and gave the speaker a standing ovation following his two hour address.

Inflation Bites Deep Into Wages

By JOSEPH R. COYNE
Associated Press Writer
WASHINGTON (AP) — Inflation took the biggest percentage bite in seven years from pay increases and other income gains won by Americans during 1967, the federal government reports.

The after-tax income average for every man, woman and child in the nation last year rose by \$151 to \$2,735, the government said today, but when adjusted to take in inflation's effect on prices the gain boiled down to only \$74. When figured at 1958 price level, the per capita income would be \$2,391.

The report came in the newest compilation of economic data prepared for the Senate-House Economic Committee by the President's Council of Economic Advisers.

President Johnson's key argument in his fight for congressional approval of his 10 per cent income tax surcharge proposal is that it would help stem inflation. But he has run into strong opposition on Capitol Hill and there were increasing indications the administration would settle for something less than a 10 per cent hike.

Secretary of the Treasury Henry H. Fowler recently referred to the tax bill "as proposed or in amended form" and it has been learned the phrase "amend for" was used deliberately to show the administration isn't taking an all-or-nothing stand.

Sen. John J. Williams of Delaware, ranking Republican on the Senate Finance Committee, said he talked in detail with a

U.S., Soviet Ships Collide in Japan Sea

WASHINGTON (AP) — The Defense Department reported today a "minor collision" between an American destroyer and a Russian merchant ship in the Sea of Japan Wednesday. No casualties were reported.

The department said the accident occurred in a crossing situation. It claimed the destroyer had the right of way under international maritime rules.

The department issued this statement: "Soviet merchant ship Kapitlan Vislobokov and the destroyer U.S.S. Rowan (D-782) had a minor collision in the Sea of Japan approximately 95 miles east of Pohang, South Korea, at 1:53 p.m. EST on Wednesday, Jan. 31."

"There were no personnel casualties aboard the destroyer Rowan and no casualties were reported by the merchant ship. The Rowan sustained 'minor damage,' a three-foot hole above the water line on the port bow. When queried by flashing lights, the Vislobokov signaled 'no assistance required' and 'damage to my stern two meters in length.'"

Figure in Prison Probe Threatened

By ED SHEARER
Associated Press Writer
LITTLE ROCK, Ark. (AP) — A prisoner who led authorities to the unmarked graves of three men at Cummins Prison Farm has been transferred to another prison because of reported threats on his life.

Prison Supt. Thomas O. Murton said Thursday the "indications of threats" against Reuben Johnson, 59, gave credence to Johnson's story that murdered inmates were buried on the prison grounds.

Johnson pointed out the pasture at the prison where the skeletons of three men were exhumed Monday, touching off speculation that more bodies were buried in a clandestine graveyard for murdered convicts, Johnson says he helped bury 10 or 12 slain inmates.

Gov. Winthrop Rockefeller was skeptical about reports from some state officials that the bones came from paupers graveyard.

"I am sure they would be able to produce the records if it is a paupers graveyard," Rockefeller said. "There are no records."

Hughes Takes Over Alcohol Control Board

LITTLE ROCK (AP) — Harrel Hughes, 40, of Hot Springs, officially became director of the Alcohol Beverage Control Board Thursday and said he expected that he would soon ask the attorney general for an opinion on who was responsible for enforcing the state's private club law, Act 176 of 1963.

Associated Justice Paul Ward of the Arkansas Supreme Court swore Hughes into office. Hughes said he intends to enforce the state's liquor laws, but not "run out and crusade." Hughes said he would ask the attorney general whether the ABC board, the secretary of state, the attorney general or local law enforcement authorities should enforce the law.

Cong Paying Heavy Price for Attacks

WASHINGTON (AP) — President Johnson reported today that the military phases of the Communist offensives in Vietnam have failed but he avoided saying that the war is being won.

Johnson told reporters, too, that he does not believe the Vietnamese Reds have racked up a psychological victory.

And, with respect to the seizing of the U.S. intelligence ship Pueblo and its crew by North Korea, Johnson said that yes, there have been meetings on the matter at Panmunjom between representatives of North Korea and the United States—so far without satisfactory results.

SAIGON (AP) — U.S. and South Vietnamese officials said today their forces were crushing the biggest Communist offensive of the war with skyrocketing losses to the enemy. But Red troops were reported in control of much of Hue, the ancient imperial capital, and South Vietnamese dive-bombers still roared over the streets of Saigon attacking Viet Cong holdouts.

Associated Press correspondent John Lengel reported from Hue, 50 miles south of the demilitarized zone, that four battalions of Viet Cong and North Vietnamese controlled most of the streets in the coastal city. Lengel said U.S. Marines and infantrymen and South Vietnamese troops were battling more to maintain their positions than to oust the enemy.

South Vietnamese President Nguyen Van Thieu and U.S. Ambassador Ellsworth Bunker went on television to assert that the Communists were being defeated with unparalleled losses.

The U.S. Command said 10,563 of the enemy had been killed in the four-day countryside assaults on the cities and towns of South Vietnam. Allied losses were put at 917 dead and 2,817 wounded, including 281 Americans killed and 1,195 wounded.

Thieu said, "The back of the Viet Cong attack has been broken." He said there is still Communist resistance "in a few provincial capitals . . . but we can consider they have been totally defeated."

"Although the enemy raided numerous cities and towns throughout the republic and achieved some temporary successes, they have failed to take and hold any major installations or localities," said a U.S. communiqué. "Although some enemy units are still occupying positions in a few cities, they are rapidly being driven out. The allies have detained 3,076 suspects and captured over 1,800 individual and over 300 crew-served weapons."

But as Thieu and Bunker broadcast, South Vietnamese bombers were strafing a block of houses near the racetrack in the southwestern end of Saigon to clear out Communist troops.

Rockets streaked from armed helicopters into other Viet Cong entrenched in a crowded suburban area in a northwestern suburb of the capital.

There was fighting in at least half a dozen other spots in Saigon.

Marauding bands of guerrillas roved the capital's streets, sniping at helicopters approaching the top of the six-story U.S. Embassy building. South Vietnamese rangers caught one group of Viet Cong eating soup at a sidewalk restaurant.

The heaviest fighting was reported in the southwestern section of the city around the Buddhist An Quang Pagoda.

Lengel reported the Communists in Hue were attacking with machine guns, mortars and rockets. He said the enemy fire was so intense that two U.S. helicopters were shot down as they tried to run the gantlet to collect wounded.

Arkansan Killed in Action

WASHINGTON (AP) — The Defense Department released a list of 60 servicemen Thursday, including one Arkansan, who have been killed in action in Vietnam. The Arkansan was identified as Marine Pte. James C. Riles, son of Mr. William Riles Sr. of Fordyce.
